

Our Sponsorships Help You Advertise To Your Market

Future Environment Designs, Inc. has been providing asbestos, mold, safety and health training classes to the Long Island (Nassau and Suffolk Counties), Middletown, (Orange/Rockland Counties), and Plattsburgh (Clinton County) areas since 1990. Our mailing list consists of over 4,700 people who have taken classes at our Training Center or who have taken advantage of our **Training At Your Convenience** program (This program involves Future Environment Designs traveling to our client's location for training). Our website is accessed by thousands of people scheduling themselves for courses and accessing information from our newsletter and blog postings.

We are now offering sponsorship packages that can work with your advertising and marketing campaigns to specifically access these individuals that purchase asbestos, safety and health supplies and equipment. Each package has been set-up to work with various budgets. We also offer one issue, monthly, or quarterly packages that may meet short term needs.

- **The Chrysotile Sponsorship Level (\$500 per year)**: Includes eighth-page (1/8) ad in our course manual (over 600 printed/year), your logo on our sponsors page on our website, your logo on our sponsors page of our quarterly newsletter (emailed to over 750 people), and handing out marketing materials at all our classes.
- **The Amosite Sponsorship Level (\$1,000 per year)**: Includes quarter-page (1/4) ad in our course manual, your logo on our website, your logo on our sponsors page of our quarterly newsletter, a link to your website from Future Environment Design's blog site, and handing out marketing materials at all our classes.
- **The Crocidolite Sponsorship Level (\$2,000 per year)**: Includes a half page ad in our course manual (for an extra \$500 per year, first come first served, you can get the front cover page or a full-page back cover), logo link or banner ad on our training website, sponsor logo in our quarterly newsletter, sponsor link on our blog website, write a featured article in our newsletter and blog, provide continental breakfast (poster indicating your sponsorship of the breakfast) and handing out marketing materials at all our classes.

So give **Future Environment Designs** a call or fill out the order form on the other side and fax it to us with your form of payment and we will contact you for the arrangements for setting up the links and providing us with materials for the advertising package you selected.
