Training In Your Office, At Your Convenience

Tired of traveling through rush hour traffic to get to your training center? Tired of paying travel expenses for your employees for training? Tired of the same old non-productive training classes? Or are you just tired of the same old training?

The Instructor Comes To You!

If you have answered yes to any of the above questions, then you need to give us a call. **Future Environment Designs** is now providing **Training At Your Convenience**.

Training At Your Convenience means **Future Environment Designs** will come to you. We can perform the training in your office. We provide the laptop, projector, powerpoint presentations, and MiFi-wireless device for internet access. You provide the

Know Where Your Workers Are During Training

seating and the blank wall (no blank wall, we'll provide the screen). We do the rest. We can do this training for any of the classes in our training service manual, especially refresher classes in the following titles:

- Asbestos Project Designer
- Asbestos Project Monitor
- Asbestos Air Sampling Technician
- Asbestos Handler
- Asbestos Operations & Maintenance
- Asbestos Inspector
- Asbestos Management Planner
- OSHA 10/30 Hour Construction Safety

Training In Your Office!

Different Training Months No Problem, Combine Them

- OSHA HAZWOPER
- Mold Worker,
- Mold Contractor/Supervisor
- Mold Assessor

All we need is 5 or more people (some classes require a higher minimum), and we can send the trainer to your office to provide you the training onsite. Even if your worker's training dates are in different months, we could show you how to combine them, allowing you to take advantage of this service.

So give **Future Environment Designs** a call and let us provide you with an estimate for **Training At Your Convenience**. All we need is a list of your workers, the class you need, and size of the training room. We provide the rest.

So what are you waiting for? Call us and start saving time and money!
